

Table I. Overview of the diverse interpretation of names in the group of *Chlorophyllum rachodes*, and the names as accepted in this paper. *Chlorophyllum olivieri* (validly published) and *Macrolepiota venenata* (invalidly published) have always been interpreted in the same way as accepted here. This overview does not pretend to be complete.

<i>Name</i> ¹	<i>Status</i>	<i>Interpretation</i>	<i>Accepted name</i>
<i>bohemica</i>	invalid	Candusso & Lanzoni, 1990 Filippi & Barbini, 1989 Lavorato, 1989	<i>brunneum</i> <i>brunneum</i> <i>rachodes</i>
<i>brunnea</i>	valid	Bartelli & Smith, 1964 Bon, 1993	<i>rachodes</i> probably <i>olivieri</i> and <i>brunneum</i>
<i>hortensis</i>	invalid	Arora, 1986 Bellù, 1982 Breitenbach & Kränzlin, 1995 Cetto, 1993 Phillips, 1981 Phillips, 1991	<i>brunneum</i> <i>brunneum</i> <i>rachodes</i> <i>brunneum</i> <i>brunneum</i> <i>olivieri</i> (or <i>rachodes</i>)
<i>rachodes</i>	valid	Arora, 1986: pl. 69 Bellù, 1982 Bon, 1993 Breitenbach & Kränzlin, 1995 Cetto, 1980 De Kok & Vellinga, 1998 Huffman et al., 1989 Lavorato, 1989 Lincoff, 1981 Miller, 1972 Phillips, 1981	<i>rachodes</i> <i>olivieri</i> <i>olivieri</i> (probably) <i>olivieri</i> <i>olivieri</i> <i>rachodes</i> and <i>brunneum</i> <i>Leucoagaricus americanus</i> <i>olivieri</i> <i>rachodes</i> and <i>brunneum</i> <i>Leucoagaricus americanus</i> <i>olivieri</i>

¹ Names as published, and irrespective of rank (both published and interpreted)
